WORKSHOP

Odyssey Plan

If Life Mapping looks back, the Odyssey Plan looks ahead: three different versions of your next five years.

Half day | Full day | Retreat

HOW IT WORKS

Instead of hunting for the one perfect plan, we sketch three different versions of your next five years.

- **Plan one:** the road you are on now.
- **Plan two:** what you would do if that road disappeared tomorrow.
- **Plan three:** what you would do if money and the opinions of other people were not part of the equation.

Each plan gets a six word title, a timeline with the milestones you would hit along the way, and a quick gut check on energy, confidence, and how much you actually like it. I facilitate the whole thing, keep people moving, and help them notice what they keep leaning toward. Most people walk out lighter.

> **This isn't about earning a better life. Who you are is already settled in Christ, and that frees you to dream honestly about what's next.**

WHO IT'S FOR

- Anyone thinking about their next five years, at any age
- Cohorts, staff teams, and small groups
- People who have done Life Mapping and want to look ahead

WHAT YOU LEAVE WITH

- Three versions of your next five years, each with a six word title and a timeline
- A gut check on energy, confidence, and how much you actually like each one
- The freedom of seeing more than one good path in front of you

Pairs well with Life Mapping. You can do both: one looks back, the other looks ahead.

Tommy Lee is the founder and president of Resource Global, which teaches, mentors, and connects emerging Christian marketplace leaders in cities around the world. He is not a professional speaker. He comes prepared, listens first, and tries to honor the people and the culture in the room.

BRING IT TO YOUR GROUP

Tell me about your church, team, or cohort and what you are hoping for.
